**Rethink Outside** is a call to action for all who believe that everyone deserves the opportunity to enjoy time outdoors, because when people connect with nature we all benefit. Together, we can unify and amplify the growing movement to lift up the benefits of time spent outdoors as a basic human right. In doing so, we can reshape the prevailing public narratives around time spent in nature and engage new partners and allies.

Coordinated by [Blue Sky Funders Forum](https://www.blueskyfunders.org), Rethink Outside provides tools and opportunities that equip the field to tell a unifying, compelling story that brings new supporters and resources to the work. Launched in October 2019 and developed through a [multi-year, collaborative process](https://www.blueskyfunders.org/rethinkoutside), the Rethink Outside narrative is centered on shared values for **strong communities** and an **equitable, diverse society**.

---

**Rethink Outside brings the funder and practitioner communities together around the following goals:**

1. **Equip and mobilize organizations to use the shared narrative.** Together we can tell a compelling, cohesive story. The shared narrative amplifies a unified message but does not replace or dilute individual organizational missions.

2. **Engage new allies and partners and expand investments.** By shifting prevailing perceptions about our work, we can grow support and strengthen the field.

---

**Rethink Outside offers:**

- **Tested messages and language** that resonate with target audiences in allied fields
- **Templates** for newsletters, blog posts, and more
- **Opportunities to attend** strategic storytelling workshops
- A community of [partners](https://www.blueskyfunders.org/rethinkoutside) to share and amplify stories
